Personal

Dentistry is a way of serving my community, which I enjoy doing every day. As a proud graduate of one of the top dental schools, professional growth is a core value of mine. In this field, you never stop learning, but life satisfaction is all about balance, so I always make time for friends and family.

Favorites

In my spare time, I am guilty of Netflix binge-watching. I like reading or listening to audiobooks. My favorite is Sapiens. I enjoy popup exhibitions in D.C., exploring Old Town Alexandria, tubing in the summer, and hiking in the fall.
